With Pickens County Boys Under the Flag

(Under this head The Sentinel expects to publish from time to time in-teresting items and letters from Pickens county soldiers. We now have several letters on hand and would be glad o have others which will be of interest to the public.)

From Oolenoy Boy In Texas

Some lone has said that you can judge the true worth of a person by his appreciation of those who helped in his early training. Today, America is passing on us to a great degree on our loyalty to our country-our patriotism. The following letter rings true to both calls. It was recently received by a former teacher of soldier Jones and will be read with interest by Pickens county people:

You will perhaps be a little surprised today I will try to write you a few lines. have often thought of writing but have neglected to do so. I am sorry to to write you once in a while in remembrance of your patience with me at of those down at the Rock House; the his death. New Town school. Well, I am becoming accustomed to not like it very much at first-everything was so different, but like it O. K. now. The fact that one is helping in a great cause ought to be enough. We stenogs have not yet all been assigned to a position in our trade and I learn that no more transfers will be made until after pay-day, about May 5 or 10. I estate of the late A. W. I hope it is true as that would place us so much nearer home. The drafted men begin coming here soon, too, and we are not likely to remain here many more weeks. I hope we do go to some other camp. Texas does not suit me. mean I do not like Texas-the weather one day is so warm (110 deg.) then

We stenogs do all sorts of work here -pick and shovel, haul supplies, build oads, dig ditches, etc. It does not bother me much, but you should see the guys who have never done such things, 'stall around." I'll be glad, however, when we no longer have so much of that sort of thing to do. I worked in Cleaning, Pressing, Dyeing, Al- the kitchen yesterday. That was as near as I have been to being an aviator but instead of flying I "shooed" the

today I am wearing a coat.

I must have peeled bags of onions esterday. I weep yet when I think of t and I was sorry to have to eat some of those same onions for breakfast this morning.

How is everything and everybody around Oolenoy? I hear they are having a good Sunday School now. That is fine. I wish I might go some time. The Y. M. C. A. is our refuge on Sun-Help to Win the War good that institution is doing in the camps. We have two religious services each week besides other various pro-

grammes for the other evenings. There are many things I might tell but I shall not attempt to in a letter drop me a line it will be appreciated. Give my regards to everyone. With

From a Liberty Boy in France

Lewers A. Boggs, only child of Mr. and Mrs. W. L Boggs of Liberty, is a graduate of class '16 of Clemson Colege and has many relatives and friends who will read with interest the followng letter from him:

4th Co., 2nd Motor Mechanics Reg't, American Expeditionary Force.

April, 1918. Dear Mother and Father:

Well, I am here safe and sound and well, none the worse for the trip. Luck and Providence were both kind to us are dependent on Providence.

The ocean trip was quite a novel exof any kind. Of course I had to be sea exhibited trench helmets, gas masks, sick for a few days, as most every one rifles, bayonets, shells, hand grenades, is, but can laugh at it now.

When I to hear from me, but being at leisure got off and saw the camp it reminded were held at Rock Springs church on me of going over to Anderson on those the day following his death and his ference between the flowers here and there. Mr. Sheriff had the confidence have done this for I feel that I ought those at home. We picked some of the and esteem of his neighbors and there more than you know and I shall at home for a little while. There are practically no weeds in this country, but I never saw grass grow more luxubeing a soldier of Uncle Sam's. I did riantly anywhere. Papa, you, would certainly be shocked to see them plow the ground when it is so wet the water stands on top.

Have hiked over a good bit of the country and the more I see of it the better I like it. The people always greet us with a smile and fill the doorway and windows as we pass. Say, there are more pretty girls here on Sunday than I ever saw before in one day in one place. Everything here is so quaint, sub-

stantial, and well-kept. Not a wooden building in sight anywhere. The old chateaus (houses) are very beautiful and have the best kept grounds you ever saw. Tell Mrs. Harrison she would be delighted with this country for it would be in keeping with her ideas of keeping everything spick and span.

The boys have been allowed to go to Paris every other Sunday and we expect the same privilege, starting this coming Sunday. Say, don't I look forward to that time. though! It seems funny that I will see the third largest city in the world before I see New York and was no near it so long. We have good shops-work nine hours

a day. It was quite a surprise to see them so modern, as most things I had seen had an ancient appearance. The quarters are fine-all that could be expected, and more-and the grub is good, so you see I am just as well off as if I were in any camp in the states. We have a dandy little town within five minutes walk, and that relieves the monotony. It is quite up-to-date and would do credit to most any little town in the United States.

I have secured only three letters since my arrival, and those were mailed in February. Tell my friends there's no limit to the mail I can receive, but there is to what I can sendonly one a week for the present. No incoming mail will be censored.

Papa, how are you getting along with your truck? If you had French now, so I will close. Any time you can roads to drive it over you would not need much power. These Frenchmen have some trucks, too. I have tried out the French railroads

and find them fairly comfortable and satisfactory, notwithstanding the diminutive size of the cars. The Y. M. C. A. is over here and we

sure know it. That's what lends the touch of home and always affords us a place to go. The mess shack is the most popular place, though. Tell "Monk' when she kicks about

wearing a certain dress that she should see the little French girls dresswooden shoes, etc.

Give all the children my love. Best wishes and kind regards to any inquir ing friends.

Your loving son, LEWERS A. BOGGS.

Card of Thanks

We wish to publicly thank the good friends and neighbors who have been so good and kind to us during the sickness of our husband and father. He has been helpless four months now, but the goodness and thoughtfulness of the good people of Pickens has made our sorrow easier to bear. No sweeter memory can live in any heart than the memory of their devotion to us in our sad hours. May the Lord bless each and every one. MRS. B. S. JOHNSON
